

## Informacja o układzie tkanin wzorzystych

### **Pion / Vertical**

Oznacza, że wzór tkaniny układa się wzdłuż belki.

Materiał cięty z szerokości - max wysokość równa szerokość belki -10cm.

Materiał cięty z długości - max szerokość równa szerokości belki.

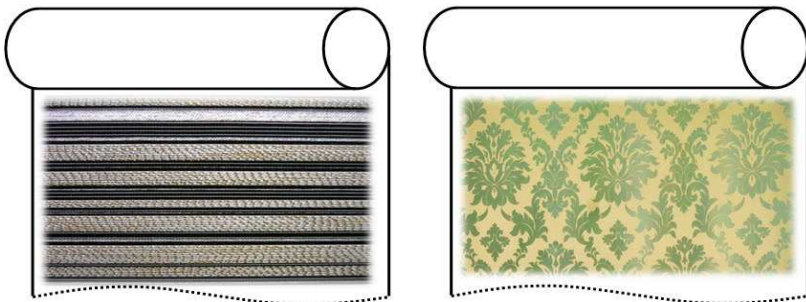

### **Poziom / Horizontal**

Oznacza, że wzór tkaniny układa się w poprzek belki.

Materiał cięty z szerokości - max wysokość równa szerokość belki.

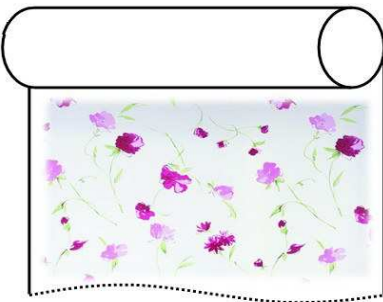

w przypadku tkanin typu Madras, PAP, Nara Beijing i innych które zwijają się w jednym kierunku brak możliwości wykonania.

Materiał cięty z długości - max szerokość równa szerokości belki.

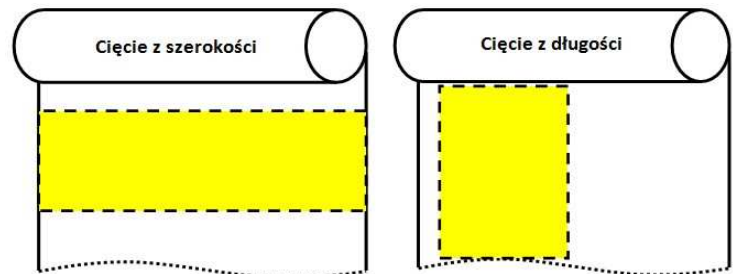

### **Mixed**

Tkanina nie posiada wzoru kierunkowego, można ciąć z szer. i długości.

### **Rodzaje cięć:**

### **Zgrzewanie:**

W przypadku gdy wymiar tkaniny jest niewystarczający do wykonania rolet istnieje możliwość zgrzewania materiału (tylko szerokość).

Usługa wykonywana po konsultacji.
